

Rig Mats

- 8' x 40' x 6" steel framed with composite blocking
- Approximately 10,000 lbs. in weight
- 5,500 PSI compressive strength compared to 800 PSI in Oak
- Blocks are made from 100% post-consumer recycled plastic
- Zero chemical absorption means no weight gain or cross contamination from site to site
- 40% faster cleaning time

OTHER MATTING OPTIONS

Composite Laminate Mats

- 8' x 16' x 3.25"
- Approximately 1,700 lbs.
- Ideal for temporary roadways, construction sites and site reclamation
- No absorption of chemicals
- Fast and easy to clean
- Light weight for easy transport

Swamp Mats

- 4' x 16' x 8"
- Approximately 2,000 lbs.
 - Provide ground stabilization to allow safe movement of crews and machinery
 - Provides a solid, level surface not affected by surface water or precipitation

FODS Mats

- 7' x 12' x 3.25"
- Approximately 430 lbs.
- Effectively removes mud and sediment from vehicle and equipment tires and tracks when leaving a job site
- Creates an instant site entrance over virtually any type of surface
- Eliminates the need for soil disturbance and rock application at the entry / exit
- Creates an easily recognizable entrance for vehicles to see day or night

Composite Steel Reinforced Swamp Mat

- 45" x 7" x 20'
- Approximately 2,200 lbs.
- Composite ties reinforced with 1/4" steel flitch plates allows more support strength than traditional 12" hardwood mats
- Impervious to moisture, chemicals, rot, fungus and insects
- Safe to use in environmentally sensitive areas

HEAVY EQUIPMENT

Sales • Rentals

- **New Equipment:**
 - Gehl
 - Attachments (Edge, Erskine and more)
- **Equipment offered:**
 - Excavators
 - Bulldozers
 - Wheel Loaders
 - Telescopic Forklifts
 - Skid Loaders
 - Compaction Rollers
 - Mud Pumps
 - Aerial Lifts
 - Mobile Air Compressors
 - Light Towers
 - Mobile Pressure Washers
 - Vacuum Trailers
 - Utility Vehicles (UTV)
 - And more...

Parts • Service

- **Preformed in - field/in - house**
- **All brands/types of equipment**

FIELD AND CONSTRUCTION SERVICES

Field and Construction Services

- Primary Containment
- Rig Mat Placement
- Secondary Containment
- Pit Liner Installation
- Tank Install/Service
- Valve Maintenance
- Containment Repair/Service
- Cleanup/Pressure Washing
- Roustabout
- Trucking
 - Flatbed
 - Lowboy
 - Hotshot

- Equipment Operators
- Solids Control
 - Operators
 - Technicians
- Pad Reclaim
- Road Maintenance
- Well Plugging Support
- Pipeline Support
- Welding
- Grating Installation
- Material Handling

PIPELINE MAINTENACE AND CONSTRUCTION

Heavy Equipment

Several Matting Options

See Matting Flyers

Mowing Right-of-Ways

Pipe Excavation

Erosion and Sediment Control

Switch Grass

Field Welding

General Labor and Hot Shot Service

Stream Diversions

SUPERIOR ENERGY RESOURCES OPPORTUNITIES

- **Partnerships to the departments:**
 - **Construction**
 - **Drilling**
 - **Completions**
 - **HSE**
 - **Production/Pipelines**
- **Opportunities from SER:**
 - **P&A and Reclamation Work**
 - **Rig Mats**
 - **Steel Framed and Composite Blocking**
 - **Wood Blocking is also available**
 - **Alternative Mats**
 - **Laminate Composite Mats**
 - **FODS Mats**
 - **Wooden Swamp Mats**
 - **SR Composite Swamp Mats**
 - **Steel Fabrication**
 - **Cellars**
 - **Truck Crossings**
 - **Steel Fabrication**
 - **Cellars**
 - **Truck Crossings**
 - **Cellar Mats**
 - **Step-Overs**
 - **Custom Steel Items**
 - **Asset Rentals (other than matting)**
 - **400 Barrel Vertical Tanks**
 - **Periodic 500 Barrel Wheeled Tanks**
 - **Open-Top Tanks**
 - **Heavy Equipment/Industrial**
 - **Services**
 - **Backyard Mixing Services and Assets**
 - **Well Site Containment**
 - **Mat Handling**
 - **Tank Farms**
 - **Retail Hose, Fittings, Adaptors, Flanges and more**
 - **Key SER Personnel with Well Control Certification**
 - **Certified Welders for Field Calls**
 - **CDL A Drivers for Hot-Shot**
